STEALTH INTRODUCES SMALL FOOTPRINT COMPUTERS FITTING POWERFUL SOLUTIONS IN TIGHT LITTLE SPACES

Toronto ~ December 2002 – Stealth Computer Corporation a leading ISO 9001 manufacturer of specialized computers and peripherals today announced the launch of their new series of small form factor computers named "LittlePC's". The Model LPC-301 LittlePC is a powerful, full featured, small footprint PC measuring in at only 10" x 5.7" x 1.6" in size and weighing a meager 3.0 lbs. The space saving Little PC is smaller than a hardcover novel yet as powerful as a standard desktop PC and takes up only a fraction of the real estate. Stealth LittlePC's are ideal for deploying in space challenged applications such as Kiosks, Embedded Control, Digital Signs, POS & Human/Machine Interface applications.

The Stealth LPC-301 LittlePC has been designed with capabilities found only in much larger computer systems. The rugged aluminum alloy chassis contains Intel® Pentium III processor technology available up to 1.4GHz in processing power and capable of running MS-Windows, LINUX and other embedded and real time operating systems. The LPC-301 comes standard with a multitude of integrated I/O expansion capabilities including, USB, 1394-Firewire, LAN, RS232, Parallel, Audio, VGA, PS/2 Mouse & Keyboard ports. The LPC-301 has a built-in 20GB, 2.5" high-shock hard drive as a standard with options up to 60GB's of storage space for archived data. A slim line CD-ROM is standard with optional DVD or CD/RW. The LPC-301 is powered from a 12VDC source making it ideal for true mobile and field applications. Custom configurations are available with Flash Hard Drives and mounting brackets etc.

Founded in 1990 Stealth Computer Corporation is quietly evolving as a leading provider of specialized Computers and Peripherals. The company is ISO9001 registered with its headquarters in Woodbridge Ontario. Stealth continually develops innovative products designed to meet the exact needs of their clients. For over a decade Stealth products have been used in industrial, commercial, scientific, Government and military applications. Stealth enjoys an impressive customer list of Fortune 500's, Governments and Military's worldwide.
